PROFESSIONAL SUMMARY

Results-oriented computer science undergraduate with hands-on experience translating raw sales and inquiry data into actionable business strategies. At Stingrays Global, I independently designed and executed a data-driven marketing initiative that drove over 2,000 enrollments, surpassing the annual target by three months. Skilled in identifying process gaps, building analytical dashboards, and communicating insights clearly to decision-makers. Seeking a business analyst internship where data, process thinking, and commercial impact intersect.

CORE COMPETENCIES

Requirements Elicitation · Data Analysis & Reporting · Process Mapping · Stakeholder Communication

SQL/MySQL · Excel Dashboards & VLOOKUP · Python (data scripting) · Figma (UX wireframing)

Marketing Analytics · HTML · CSS · JavaScript · Agile Awareness · Critical Thinking

WORK EXPERIENCE

Sales & Marketing Advisor

Stingrays Global | Aug 2024 – Present

Context: Sole person responsible for analyzing inquiry data, identifying drop-off points in the enrollment funnel, and designing campaigns to close the gap, a core business analyst function in a real commercial setting.

- Diagnosed low lead conversion rates by building an inquiry-tracking dashboard in Excel; identified that 60%+ of inquiries lapsed after the first touchpoint, leading to a targeted follow-up campaign that reversed the trend.
- Delivered 2,000+ enrollments by September 2025, exceeding the annual target by 3 months, a measurable outcome of data-driven decision-making rather than guesswork.
- Conducted recurring analysis of weekly enrollment trends and presented findings to management, translating raw numbers into clear narrative reports.
- Implemented customer retention strategies informed by churn pattern analysis, strengthening repeat engagement and brand loyalty.

EDUCATION

BSc (Hons) Computer Science — University of Staffordshire, UK
2023 – 2026
Faculty of Computing · Expected Jun 2026 · GPA: In Progress
Relevant modules: Decision Analytics · Databases & Data Structures · Enterprise Cloud & Distributed Web Applications · Server-Side Programming · Mobile App Development

APIIT Lanka Foundation Certificate
Aug 2022 – Mar 2023
Asia Pacific Institute of Information Technology, Kandy

GCE Ordinary Level
Dec 2018
Good Shepherd Convent, Kandy
Results: English (A) · Sinhala (A) · Buddhism (A) · ICT (B) · History (B) · English Literature (B) · Mathematics (S) · Science (S) · Commerce (S)

PROJECTS & PORTFOLIO

BA Case Study: Enrolment Funnel Analysis | Feb 2026
▸Documented the end-to-end enquiry-to-enrolment process using BPMN-style swim lane diagrams, identified 3 critical bottlenecks, and proposed process improvements that were subsequently adopted by management.
▸Built an interactive Excel dashboard visualising monthly enrolment trends, campaign ROI, and conversion rates by channel—hosted on the portfolio.

Independent BA Project: Market Trend Analysis Dashboard | Feb 2026
▸Selected a public dataset (Sri Lanka tourism), performed data cleaning in Python (Pandas), built a trend analysis dashboard, and produced a written findings report formatted as a business recommendation document.
▸Demonstrates the ability to pick up an unfamiliar dataset, extract insight, and communicate it in language a non-technical stakeholder can act on.

TECHNICAL SKILLS

Data & Analytics: Excel (VLOOKUP, Pivot Tables, Dashboards) · MySQL · Python · Power BI ·
Development: JavaScript · HTML · CSS · Python · C# · Linux · Visual Studio
Design & UX: Figma · Squarespace · Google Workspace
Networking: Cisco Packet Tracer

LANGUAGES

Sinhala (Native) · English (Proficient)

SELECTED ACHIEVEMENTS

▸Senior Prefect, Good Shepherd Convent Kandy (2020) — leadership accountability for a student body of 1,500+.
▸Second place, 4×100m All Island School Games (2017) — demonstrates competitive performance under pressure and team discipline.
▸First place, Junior All Island Cultural Music Competition (2012) — creative communication and performance skills.
▸Member, Rotaract Club of Katugastota (2024–2025) — community engagement and professional networking.
